The Teacher Supply and Demand Report for Ohio

Join us for
the 2013-2014 Research Roundtable Series

All are Invited!

Dr. Hawley will discuss the recently released Teacher Supply and Demand report in a presentation to the EHE roundtable. During this session he will discuss changes in Ohio’s population and projections of the numbers of teachers needed in future years for Ohio. This study is based on an extensive analysis of data and consultation with the State Department of Education. To read the paper visit the OERC website at oerc.osu.edu
